- Research on safe emergency management of football equipment presented at NATA.

"It can be scary for a mother when her child is injured. Thanks to Safe Sports Network there are resources in the area of sports injuries - especially concussions like my daughter's. I took my daughter to Safe Sports. The athletic trainers answered all my questions and eased my mind. I will forever be thankful for the extra effort and compassion from everyone at Safe Sports. Thank you very much for taking the time to help to calm a worried mother's nerves!" *K.A., Manchester, NH*
