

2018 Annual Report

Financial Report

"I noticed my son didn't come out on the ice for his next shift. I knew something was wrong. I felt that pit in my stomach that any parent feels when you suspect the worst. But [the Safe Sports athletic trainer] found me to tell me my son had an injury. She told me what to expect and put me at ease. Now, when we have a home hockey game, she's the first person I look for. It gives me a great sense of relief knowing she's there. **EM - Parent**

www.safesportsnetwork.org

This is Tim

Tim blew out his knee in the first game of his senior football season. He has a message for you:

"This year during [the third quarter of] our first football game, I tore my ACL, MCL, PCL and meniscus The first voice I heard coming up to me was Eric Gelinas, our [Safe Sports] athletic trainer. He was with me in the hospital that night and I had surgery the next week. That's the kind of high-quality character people you're helping support. I'm really thankful for that. Thank you!"

Tim missed the rest of his sports seasons this year, but he was a regular in the athletic training room working hard with Eric on regaining his strength.

On behalf of Tim and all the athletes you helped:
Thank you for your generosity.

Thank you, 2018 donors!!

You make it possible for young athletes to have the care they need.

You Made a Difference in 2018

Athletes step on a field, rink or court under the watchful eye of Safe Sports athletic trainers about 140,000 times a year.

Even kids who don't get hurt are safer because of your support for Drop-the-Dummy education and drills.
But if they do get hurt, your support means they have the care they need.

Thank you, 2018 donors!!

Every gift supports efforts to improve knowledge and sports safety.
